Enrichment Programmes

Sept to Dec 2024

Educational and fruitful after-school programmes that enrich children's learning and development in diversified areas.

Fun with Science Exploration

Language of Instruction: Cantonese

Joint programme with Hands On Science Outreach (HOSO)

Children with attendance of 80% or above will receive certificate

Our selected science courses are aimed to broaden the horizons and stimulate "science in your life" awareness to the children.

The children will learn through fun and active involvement in experiments, games and projects. There are hands-on materials used in every class that will go home with children.

Theme : ♦ Wheels and Spinners

Feel the friction by sliding different objects against each other. Build a cardboard maze which things can run through. Compare the movements of spheres rolling down an inclined plane(ramp).

Construct your own model car with wheels and axles. Experimenting with pulleys and windlasses. How do windmills twirl through the air? Create your own spinning toy.

Fun with Taekwondo

Language of Instruction:
English supplemented with Korean

This Taekwondo programme aims at enriching children with the spirit of Taekwondo and to providing a strong foundation for character building. Children are encouraged to progress through the belt system: white, yellow, green, blue, red and black so that they can mature physically and spiritually. Examinations will be organized for the children around once per year (subject to the child's progress). This programme is well-structured and well-recognized, so that the children can bridge up to other Taekwondo classes in the future even when they graduate from our Kindergarten.
